

ETHANOL **RACE FUELS**

Our ethanol-based blends are formulated with only the purest base stocks to maintain the highest level of performance for every race fuel application.

F E1

 **FUEL
FACTORY™**

Fuel Factory's F E1 is a consistent blend of 85% ethanol and 15% ultra-pure hydrocarbon components. This fuel is for users who are frustrated with inconsistent pump blends and want to ensure the quality and security for their application. Trust us when we say F E1 is the right fuel for you.

TYPICAL VALUES

F E2

 **FUEL
FACTORY™**

Fuel Factory's F E2 is available for those ethanol users who are looking for more than an 85% blend. This fuel is blended with 2% ultra-pure hydrocarbon components used in our hydrocarbon fuel blends. The consistency and quality of F E2 will allow for more time on the racetrack and less time testing the ethanol blend for accuracy.
